Hazard	Potential Consequences	Severity 1 to 5	Likelihood A to E	Risk	Mitigations to reduce risk	Actions for mitigation	Severity 1 to 5	Likelihood A to E	Risk	Action owners
<b>Travel to Damflask</b>										
1	Coronavirus transmission from rower - following a positive CV-19 test result - displaying CV-19 symptoms - isolating on the instruction of NHS Test and Trace	5	C	Intolerable	1. Rowers must not travel to the dam and must follow Government advice on self-isolating	1. Rowers to stay away from the dam during isolation period in accordance with Government requirements 2. Rower to inform Welfare Officer so that other rowers can be informed	1	A	Low	Rowers Welfare Officer
2	Coronavirus transmission while travelling	5	C	Intolerable	1. Follow Government advice regarding travel	1. By car - consider using a face covering if travelling with non-household members. 2. Travel by bicycle or walk. 3. Wear a face covering on public transport.	1	A	Low	Rowers
3	Coronavirus transmission to clinically vulnerable extremely (CEV) person	5	C	Intolerable	1. Follow Government advice for CEV 2. Use online booking sheet to avoid busy times	1. CEV rowers to consider whether to visit the dam or to visit at less busy times. 2. Rowers who live with or are in regular contact with CEV to consider whether to visit the dam or to visit at less busy times 3. Continue to use online booking sheet	1	A	Low	Rowers

Hazard		Potential Consequences	Severity 1 to 5	Likelihood A to E	Risk	Mitigations to reduce risk	Actions for mitigation	Severity 1 to 5	Likelihood A to E	Risk	Action owners
<b>Around the boathouses</b>											
1	Airborne Coronavirus transmsion	Contraction of Covid-19 and related risk of death	5	C	Intolerable	1. Follow BR advice	1.Continue to wear a face mask until afloat 2. Avoid spending prolonged periods inside, particularly in changing rooms	2	B	Low	R2R Group Rowers
2	Coronavirus transmission via surfaces	Contraction of Covid-19 and related risk of death	5	C	Intolerable	1. Follow BR advice	1. Wash hands regularly with soap and hot water. 2. Avoid touching the face or eating food before washing hands 3. Clean and disinfect surfaces using a 0.5% solution of bleach. 4. Supply soap and hot water for handwashing 5. Supply materials for cleaning and disinfecting surfaces	2	B	Low	R2R Group Rowers
3	Incorrect use of cleaning solutions	Surfaces not disinfected leading to coronavirus transmission	5	C	Intolerable	1. Inform rowers of correct bleach/water ratio to make effective disinfectant. (0.5% for undiluted sodium hypochlorite)	1. Inform all rowers of requirements 2. Display information on posters in boathouses. 3. Provide measuring cups or jugs to enable accurate measurement of bleach and water	2	B	Low	R2R Group Rowers

Hazard		Potential Consequences	Severity 1 to 5	Likelihood A to E	Risk	Mitigations to reduce risk	Actions for mitigation	Severity 1 to 5	Likelihood A to E	Risk	Action owners
<b>Around the boathouses (continued)</b>											
4	Incorrect disposal of unused cleaning solutions	Contamination of water in dam leading to environmental damage and possible prosecution by Yorkshire Water	3	C	Moderate	1. Ensure unused solution is disposed of in the sink or toilet.	1. Inform all rowers of requirements 2. Display information on posters in boathouses.	1	C	Low	R2R Group Rowers
<b>Handling boats and equipment on land</b>											
1	Coronavirus transmission via surfaces	Contraction of Covid-19 and related risk of death	5	C	Intolerable	1. Follow BR advice	1. Boats and equipment to be cleaned and disinfected before and after outings 2. Supply disinfecting materials for boats, oars and launch.	2	B	Low	R2R Group Rowers
<b>On the water</b>											
1	Coronavirus transmission in crew boats	Contraction of Covid-19 and related risk of death	5	B	Substantial	1. Follow BR advice	1. Crews may wish to continue with 'cre bubbles' 2. Crews may wish to - row with the full crew at all times avoid coming close to another persons sitting at backstops, or to wear a face mask whilst not activey rowing - avoid turning to talk to another crew member - avoid shouting while in the boat 3. Coxes may wish to wear face coverings and eye coverings 4. Shared cox box equipment to be disinfected before and after use	1	C	Low	Rowers Squad Leaders
2	Coronavirus transmission on the launch	Contraction of Covid-19 and related risk of death	5	B	Substantial	1. Follow BR advice	1. Launch drivers and passengers to consider using face coverings and attempt to keep as distanced as possible 2. Touch points on the launch nd trolley to be cleaned and disinfected before and after use	1	C	Low	Rowers Coxes Captain Squad Leaders
<b>On the water (continued)</b>											

Hazard		Potential Consequences	Severity 1 to 5	Likelihood A to E	Risk	Mitigations to reduce risk	Actions for mitigation	Severity 1 to 5	Likelihood A to E	Risk	Action owners
3	Coronavirus transmission during rescue after capsizes	Contraction of Covid-19 and related risk of death	5	B	Substantial	1. Crews to be able to self rescue after capsizes	1. Squad Leaders to assess competence of rowers and allocate appropriate boats 2. Rowers to keep in sight of each other or in sight of land based coaches	1	C	Low	Rowers Squad Leaders
